There shouldn't be any issues. It certainly isn't optimal, but part of being a public university which I'm sure you've seen with other partners. Typically these requests are done so that they can aggregate information for larger stories and not get attention as a stand alone piece. We'll monitor and stay connected should something more than that come from it.

Subject: Public records request

[This email originated from outside of OSU. Use caution with links and attachments.]

To Whom it May Concern —

Pursuant to Oregon's public records laws, I am requesting a copy of any term sheet or agreement entered into since January 1, 2025, between the University and Blueprint Sports, including any addenda, exhibits, or amendments. This request is being made for noncommercial journalistic purposes, and I respectfully request expedited processing as well as a waiver of any applicable fees.

Many thanks,
